# WEDDING GUIDE

## WHAT'S INCLUDED

### POSED & CANDIDS

Our style captures raw moments, personal touches, and a mix of candid and posed images. We document the wonderful and silly moments, letting you enjoy the best day of your lives. We want you to feel completely YOU! Our only expectation is that you stay relaxed and true to yourself. During the photo/video session, let's play some music, enjoy some snacks, and vibe out your day.

### GREAT SOUND QUALITY

We include high-quality sound by using a lapel mic on the groom, recording from the celebrant's mic, and capturing audio directly from the venue's PA system and the band or DJ. This high-quality audio is synced with the footage during editing.

### THE CEREMONY, ENTRY, CUTTING THE CAKE, SPEECHES, FIRST DANCE VIDEOS\*

Each package includes full videos of every formality, allowing you to relive each special moment in detail. Revisit your vows, speeches, and first dance in dedicated videos.

### PRIVATE ONLINE GALLERY

Access your photos and videos anytime, anywhere with our online galleries. Relive your cherished moments and easily order prints of your favourite images. Share the gallery link with friends and family to let them join in.
